

ECOMM Networks an Avaya ConnectSM Partner

ECOMM Networks and Avaya are pleased to announce that Avaya has acquired Nortel Solutions. We want to let you know why the integration of these two companies is good news for your business. And we are excited to inform you that ECOMM Networks is in the Avaya Connect Partner Program.

More solutions. More expertise. More choices.

The combination of Avaya and Nortel products, solutions and expertise means that you'll get the best of both companies—so ECOMM can continue to find new ways to help you:

- **Improve customer service by keeping your employees available and responsive from virtually anywhere**
- **Eliminate long-distance charges and cut costs throughout your business**
- **Grow easily with solutions that let you buy the features you need, as you need them**

Together, ECOMM and Avaya can give your organization the communications solution that best fits your needs to achieve superior business results, not only today but well into the future.

Avaya is a global leader in enterprise communications systems. The company provides unified communications, contact centers, and related services to leading businesses and organizations around the world. Enterprises of all sizes depend on Avaya for state-of-the-art communications that improve efficiency, collaboration, customer service and competitiveness.

Since 1984, ECOMM Networks has provided a diverse suite of products and services to thousands of customers. ECOMM is the single point of contact, full-service provider of converged voice and data communications systems; related networking applications; Hosted SIP solutions, presence management, collaboration and messaging applications; and managed services options. ECOMM Networks offers a comprehensive service partnership for our customers by providing excellent service 24 hours a day, 7 days a week through strategically located sales and service facilities in Pennsylvania; Lancaster, Pittsburgh and King of Prussia. Contact ECOMM Networks today 800.372.4600 to schedule a time to discuss your communications solutions. For more information please visit www.ask-ecomm.com.
